Globe Inn,

YORK ST., NEAR THE DIAMOND,

GETTYSBURG, PA.—The undersigned would most respectfully inform his numerous friends and the public generally, that he has purchased that long established and well known Hotel, the "Globe Inn," in York street, Gettysburg, and will spare no effort to conduct it in a manner that will not detract from its former high reputation. His table will have the best the market can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of wines and liquors. There is large stabling attached to the Hotel, which will be attended by attentive hostlers. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible. He asks a share of the public's patronage, determined as he is to deserve a large part of it. Remember, the "Globe Inn" is in York street, but near the Diamond, or Public Square. SAMUEL WOLF.

Selected Poetry.

"ONE BY ONE."

They are gathering homeward from every land,
One by one;
As their weary feet touch the shining strand,
One by one;
Their brows are encircled in a golden crown;
Their travel-stained garments are all laid down,
And clothed in white raiment they rest on the mead,
Where the Lamb loveth his children to lead,
One by one.

Before they rest they pass through the strife,
One by one;
Through the waters of death they enter life,
One by one;
To some are the floods of the river still,
As they ford on their way to the heavenly hill;
To others the waves run fiercely wild,
Yet all will reach the home of the undefiled,
One by one.

We, too, shall come to that river side,
One by one;
We are nearer its waters each eventide,
One by one:
We can hear the noise and dash of the stream,
Now and again through our life's deep dream;
Sometimes the floods all its banks o'erflow,
Sometimes in ripples the small waves go,
One by one.

Jesus, Redeemer, we look to Thee,
One by one;
We lift up our voices tremblingly,
One by one;
The waves of the river are dark and cold,
We know not the spot where our feet may hold,
Thou who didst pass through in deep midnight,
Strengthen us, send us Thy staff and Thy light,
One by one.

Plant Thou Thy feet beside as we tread,
One by one;
On Thee let us lean each drooping head,
One by one;
Let but thy strong arm around us be twined,
We shall cast all our cares and fears to the wind,
Saviour, Redeemer, be Thou in full view,
Smilingly, gladsomely, shall we pass through,
One by one.

Agricultural & Domestic.

THE COMING OATS CROP.

Early sown oats generally yields better than late sown—it is certainly heavier in the grain. Hence our farmers are always anxious to get it in during March, and put all other work aside to accomplish it. But from present appearances, there will be little, if any, sown in the present month. The snow is at this writing several inches deep, and even if there be no more, it is hardly possible that the ground will be sufficiently dry for the plough in the next ten days.—What then had better be done, to secure a fair yield of oats, late as the seed must necessarily go in? We recommend *the application of Phosphates with it*—and base the recommendation on the striking result obtained from such an experiment last year. We had a single barrel of Baugh's Raw-bone Super-Phosphate, (250 lbs.,) applied to nearly two acres of poor ground, immediately after plowing. The land was then harrowed, and the oats sown, the harrow following. The oats on the land so treated came up much stronger than that along side which had no Phosphate—kept ahead during the season—ripened fully a week earlier—and yielded a hundred per cent. more straw and oats. Some observers thought the difference greater, and it probably was, but we desire to be on the safe side in stating the result. It is believed that one hundred pounds of Baugh's Super-Phosphate per acre on thin land, will make fair oats—and we intend using that quantity to the acre on our entire crop this season. We expect by this application, to secure a more vigorous growth, an earlier harvest, and a crop more increased in value than the Phosphate will cost. It is to be hoped many others will do likewise. It will certainly PAY.—*Editor Compiler.*

THE USE OF LIME IN AGRICULTURE.

From a very interesting Lecture, delivered by W. Wallace Fyfe, before the Students of the Royal Agricultural College, Circencester, we make the following extract on the use of Lime in Agriculture. The hints contained in the extract accord in the main with our own views, made up from long and close observation. We commend them to the farmers of Adams county.—*Editor Compiler.*

Lime absorbs moisture from the atmosphere with incredible rapidity, and a ton of quicklime, when slaked, acquires three times its original bulk, and weighs twenty-five cwt. The only advantage, however, gained by slaking lime, is its reduction to a fine powder, which enables it to be more evenly spread. But slaked lime very soon attracts carbonic acid from the atmosphere, and becomes once more carbonate of lime, the condition in which it usually exists, and whence the most abundant supplies are obtained by driving off the carbon in burning the carbonate of lime or mountain limestone in kilns, as one hundred pounds of this, when pure, contains forty-four pounds of carbonic acid and fifty-one pounds of lime. Lime, therefore, by the process of burning, loses the whole of its carbonic acid, and a ton weight is reduced to eleven and a quarter cwt. The general opinion regarding the presence of lime in the soil, is that an arable soil ought not to possess less than one per cent. of lime, and that eight tons of burnt lime per acre would impart this proportion to six inches of soil. After a heavy liming no farther addition will however be requisite for six or eight years. A crop, at the utmost, removes only from one to two bushels per acre of lime; and the land, at this rate, gradually reverts to the condition in which more lime is required—faster—for the lime, by its own specific gravity, uniformly descends below the active soil, and there, upon digging a section, layer upon layer of each successive liming the land may have undergone will be found deposited. Lime not only enables crops of *superior quality and bulk* to be produced, it enhances the effect of undecomposed manure, by calling into action that which may have been lying dormant. Manure, however, ought never to be laid upon the land immediately after liming, because quicklime will drive off all its ready formed ammonia. Lime destroys marsh and heath plants, such as moss, heath, bent, and sour grasses, brings up sweet herbage with natural clover, and completely renovates herbage. *All fodder is found more nutritious when grown upon land sufficiently limed.* The quantity of lime required varies in proportion to the dryness of the soil, its stiffness, and the amount of vegetable matter it contains. Poor arable lands are soon worn out by repeated limings and cropping. To exterminate moss, sour grass, &c., the lime must be applied in a live state. Generally speaking, the more completely and immediately quicklime is incorporated with the soil, the more effectually the slaking is accomplished in connection with the soil, the better. In over spreading grass however, where there is no intention of destroying the herbage, it is better first to slake the lime in the open air, reducing it to a powdery condition and applying it in the form of a mild lime. In this state the quantity of quicklime still contained in it should, however, be sufficient to effect the necessary chemical changes in the soil; upon this its ultimate efficacy depends. Quicklime should never be applied to light or thin soils, sands or gravels. Magnesian limestone has an effect similar to that of the mountain limestone. It is a carbonate of magnesia, in combination with carbonate of lime, and becomes caustic in burning, but must be used more sparingly than lime destitute of magnesia, since it re-absorbs carbonic acid more slowly and remains longer caustic. Its application is more properly made to arable than to grass land, as wheat, barley, and all cereals require magnesia for the perfect development both of their straw and corn. Chemically supplying to the plant both lime and carbonate acid, lime, as an alkaline earth naturalizes the humic and other acids naturally formed in soils, converts inert vegetable matter into stimulating food for plants, and aids the mineral decomposition of iron, magnanese, alumina, potash, soda, ammonia, and silica in oils. To its perhaps over-stimulating effects, in fact, may be traced the origin of the adage, "lime enriches the fathers but impoverishes the sons." Lime, however, does not necessarily exhaust the soil, unless applied with unsparing prodigality. The apparent exhaustion it produces is only perceptible in cases where the sole application to the land has consisted in laying on successive doses of lime, and where the supplies of other manure have been too scanty. It is where lime alone has been applied that abundant crops are followed by exhaustion. The presence of mild lime in the soil assists in the formation of nitrates; and the production of nitre or saltpetre is dependent upon those properties of lime whereby nitric acid is engendered from vegetable matter. That invaluable salt, nitrate of lime, is always to be found in compost heaps. "Under ordinary circumstances," says Professor Way (Royal Agricultural Society's Journal) "and with the presence of moisture, lime is capable of liberating one-half the ammonia contained in a soil. In the case of ammonia locked up in the soil, lime may be the remedy at the command of the farmer, his means of rendering immediately available stores of wealth, which can otherwise only slowly be brought to use. In this view, lime would well deserve the somewhat vague name that has been given it—namely, that of a stimulant—for its application would, in some sort, be an application of ammonia, whilst its excessive application by driving off ammonia, would lead to all the disastrous effects which are so justly attributable to it. I do not wish to push this assumption too far, but if there be any truth in it, it points out the importance of employing lime, *in small quantities, at short intervals, rather than in large doses once in many years.*"

SOWING PLASTER EARLY.

A correspondent of the Rural New Yorker says that for several years past he has been in the practice of sowing plaster on clover in March—in some cases where the snow was three or four inches deep. The results have been more beneficial than when sowed in May or June. He has also found early-sown plaster to considerably increase the barley crop. As plaster is but sparingly soluble in water, and must be carried down into the soil in a state of solution in order to be used by the plants, it is obvious that the sowing should be early enough to effect this purpose. If sown late, and dry weather should follow, the plaster would not probably be of much use that year.—These views are corroborated by the experience of a number of farmers. It should be borne in mind that plaster is not a universal fertilizer, there being many soils where it has no beneficial effect; therefore, the reader will note the necessity of experimenting on soils where plaster has been hitherto untried, before investing to any extent in it for such use.

TRANSPLANTING IN THE NIGHT.

A friend, in whose powers of observation we have confidence, and who is an exact experimenter, informs us that last Spring and Summer he made the following experiments:—He transplanted ten cherry trees while in blossom, commencing at 4 o'clock in the afternoon, and transplanting one each hour, until one in the morning. Those transplanted during daylight shed their blossoms, producing little or no fruit, while those planted during the darker portions maintained their condition fully. He did the same with ten dwarf pear trees after the fruit was one-third grown. Those transplanted during the day, shed their fruit; those transplanted during the night, perfected their crop, and showed no injury from having been removed. With each of these trees he removed some earth with the roots. We are well aware that when plants are accidentally frozen in green houses, it is customary to render the house dark before applying cold water to thaw them, and that when this is not observed, they are injured, while if entire darkness be secured during the operation, many of them are saved. But the experiment of our friend seems to have but little analogy to this fact, and it is entirely new to us.—*Working Farmer.*

☞The State Horticultural Society of Iowa passed unanimously a resolution approving the decision of the Committee in New York, who awarded the "Greeley Prize" to the Concord Grape.

PRINTERS' DELIGHT.—This is an amusing trick in lodgerdemain, and can be admirably performed thus:—Take a sheet of note paper, fold it carefully, and enclose a bank note sufficiently large to pay up arrearages. Keep your eyes on the printer, and if you can detect a smile, the trick is a success. We hope some of our delinquents will try this trick immediately.

☞The Radicals of Allegheny City, Pa., are running a negro for Mayor, to show "their love," and Fred. Douglass boasts that some white men prefer sitting next to him in the cars. Isn't this age just "hunky" on the nigger process?

THE EVENING BEFORE WEDDING.

"I'll tell you," continued her aunt to Louisa, "two things which I have fully proved. The first will go far toward preventing the possibility of any discord after marriage; the second is the best and surest preservation of feminine character."

"Tell me," said Louisa, anxiously.

"The first is this: Demand of your bridegroom, as soon as the marriage ceremony is over, a solemn vow, and promise yourself, never, even, in jest to dispute or express any disagreement. I tell you, never—for what begins in mere bantering will lead to serious earnest. Avoid expressing any irritation at one another's words. Mutual forbearance is the one great secret of domestic happiness. If you have erred, confess it freely, even if confession costs you some tears. Further, promise faithfully and solemnly, never, upon any pretext or excuse, to have any secrets or concealments from each other, but to keep your private affairs from father, mother, sister, brother, and the world. Let them be known only to each other and your God. Remember that any third person admitted into your confidence becomes a party to stand between you, and will naturally side with one or the other. Promise to avoid this and renew the vow upon every temptation. It will preserve that perfect confidence, that union, which will indeed make you as one. O, if the newly married would but practice this spring of connubial peace, how many unions would be happy which are now miserable."—*Knickerbocker.*

FRENCH AND AMERICAN JACOBINS.

Forney's "Occasional" letters and editorials bear a striking resemblance to the pompous and swaggering "carmagnoles" of Barrere and the incendiary editorials of Marat. He understands the villainous arts of the demagogue, and the satanic methods of stirring up malevolent passions as well as either of these his prototypes. His style also resembles theirs in vindictive ferocity, and unreasoning denunciation. Like Barrere he has apostatised from the political faith he had professed in early life—like him, he is fickle and false and has turned bitterly against old friends—like him, he is mercenary, blood-thirsty, heartless, vindictive and unscrupulous, and like Barrere, Forney is a universal liar.

Forney's style is so much like that of these two worthies, it is quite evident he has made their productions a study. We will, in a day or two, quote some passages from their writings and recite some historical passages from their lives, to verify how characteristically they resemble each other. There is no doubt but hereafter, they will be classified together by the impartial historian, and given as specimens of the wicked, loathsome wretches

GETTYSBURG, PA.

Monday Morning, March 25, 1867.

THE TIDE TURNING!

NEW HAMPSHIRE.

Complete returns of the New Hampshire election have been received. The Radical candidate for Governor has 2,986 majority, against 4,657 last year. *Democratic gain* 1,721! The Democrats have elected one of the five State Councillors—a gain. The Democrats are 29 Letter in the House of Representatives, and have reduced the majorities of all of the four Congressmen. "One fire more and the day is ours!"

NEW JERSEY.

The Radicals have elected the mayor in Camden, but with *a loss* of 173 in his majority since last spring. A less gain by the Democrats a year hence will give them the city.

The town elections throughout that State show handsome Democratic gains. Bordentown has been carried by the Democrats, as well as a number of other towns. Burlington county, which, in 1865, gave the Rads 1,468 majority, and, in 1866, 708 majority, is now Democratic—the Democrats having gained four freeholders, and secured a majority of two in the board. In Salem county, which in 1865-6 was Radical by 262 and 164, the Democrats now hold a majority in the board of freeholders.

NEW YORK.

The Spring elections in the Empire State show almost universal Democratic gains. Niggerism is about doomed in that great Commonwealth.

PENNSYLVANIA.

The Democratic majority in Harrisburg is fully 300. That city may now be looked upon as permanently Democratic.

The Norristown Democracy won a grand victory, voting a Radical burgess and council out and putting in all Democrats. The Democratic majority is 851! Last year the Radicals had 85. The Democrats carried *every Ward*, electing every man on their ticket.

In York the Democrats also accomplished a handsome work, re-electing David Small, Esq., chief burgess, by 317 majority—the high constable by the same majority—and carrying three of the five wards.

The Democrats carried Carlisle, electing their burgess by 183 majority; the assistant burgess, the assessor and assistant assessors, six out of the nine members of the town council, and the borough auditor. They also elected a justice and one councilman in the West Ward, which has uniformly given a large Republican majority. At the election last spring the Republicans elected their burgess and a majority of the council.

In Newville the Democrats were successful on Friday week, the first time in many years.

The Democrats of Franklin county made a gallant fight at the recent spring elections. The whole number of townships in the county is twenty-two. Returns from nineteen are now before us. Out of these, the Democrats carry ten, the Radicals eight, and one is a tie. The Democratic gain in the townships heard from, over the vote of 1866, when the Radicals carried the county by 293 majority, is 827. This will do for the friends of the Constitution in Franklin county.

In Lewistown the Democrats achieved a great victory. The *True Democrat* thus chronicles it:

The Democrats of Lewistown covered themselves all over with glory last Friday. They met the cohorts of Abolitionism, Union Leagueism, and Grand Army of the Republicism, all combined, and, after a vigorous contest, thrashed them all completely. A sound, genuine, Democratic Burgess was elected, by 40 majority, as were also all the other candidates on the Democratic ticket, in both wards, save and excepting only the Judge in the East Ward, who was barely beaten *one* vote, and that in consequence of a mistake made by several Democrats of that ward, in voting West Ward slips. This is the first time *in upwards of* 15 *years* that Lewistown has a DEMOCRATIC BURGESS, and the first time in 20 years that the Democracy made a CLEAN SWEEP!

Let the people shout! The signs of the times indicate that the Democratic party will carry the next Presidential election, by a sweeping vote. If so, the days of persecution and despotism will be past, Constitutional liberty will be restored, and the good old times, which always blessed the land when Democrats ruled, will once more be ours.

From many other quarters of the State we have equally good news, but our space will not allow us to detail it. It is certain that *the tide is turning—that Radicalism is on the decline.*

THE ELECTIONS IN THIS COUNTY.

THE DEMOCRACY TRIUMPHANT.

The elections in this county, on Friday week, resulted very handsomely for the Democracy, the old party of the Constitution electing FIFTEEN out of the twenty-four Election Judges!

In this borough the Radicals succeeded by their usual majority of about 100. The Democrats having no hope of success, many did not attend the election.—Had they received any hint of the *nervousness* of one of the Radical candidates in regard to a "copperhead rush," it doubtless would have been made to a small extent in the evening, just "for the fun of the thing." A majority of the opposition would have enjoyed the sport as well as the Democrats. What a "big thing" it [illegible] to be on the ticket for—a borough office!

In Cumberland township, where the Radicals felt quite sure of success, the Democrats swept everything—the Judge by the rousing majority of 49!

Highland and Freedom are still joined to the colored idol.

Whilst Hamiltonban gave the Radicals a less than ordinary majority, the Democrats carried Liberty by the unprecedented majority of about 30!

Mountjoy is redeemed. Last spring Republican—this spring Democratic!

The Radicals did not show themselves at the Germany poll.

In Littlestown borough a Democratic Burgess was elected *for the first time*—Simon S. Bishop beating Dr. Seiss by the beautiful majority of 25! The Judge, Assessor, and several more of the officers elected, are Democrats. For the Town Council and the School Board, Republicans opposed to "the ring" were chosen. In fact, the entire "ring" ticket was ingloriously floored—even Ephraim, the bell-wether, going down with it, among the lowest on the ticket. The citizens of Littlestown are entitled to the degree of manly independence exhibited on Friday week. May they never "go back" on that day's good work.

Union township went Democratic, by a handsome majority.

In Mountpleasant the Radicals had no ticket. But one Radical attended, and he voted for a few of the Democratic candidates.

Conowago, always close, elected a part of each ticket, the Radicals, however, getting the Judge. The Democratic turn out was small.

Oxford, Democratic, except Assessor.

In Berwick township there was no Radical ticket.

Berwick borough, Radical, as usual.

Hamilton, handsomely Democratic.

Reading—but few Radicals showed themselves, and the Democrats swept everything.

Straban, Democratic, as usual.

Tyrone, Democratic, by the beautiful majority of 20 and upwards!

In Latimore, no Democratic ticket.

Huntington went Radical by a reduced majority. The Democrats ran a one-armed soldier for Constable—a highly respectable and competent man, poor and with a family, and needing the office. He was defeated, however, by the "soldiers' friends" in that very "loyal" township, with a "stay at home"!—There's *sincerity* for you!

Menallen, Radical, as usual. The Democrats have a School Director—not usual.

Butler is still joined to her idol.

Franklin, Democratic, the Radicals making only an irregular fight.

Surveying thus the whole field, the friends of good government and the white race have much reason to congratulate themselves on the happy result. The "signs of the times" point to the decay of destructive Radicalism almost everywhere. So mote it be!

RIOT AT CARLISLE.

A terrible riot occurred at Carlisle on Friday week. We learn from the *Volunteer* that for some time there has been a bitter enmity between a portion of the "roughs" of that borough and some of the more lawless and disorderly of the soldiers at the Garrison, resulting in frequent rows at the saloons and dance-houses of East Louther street. On Friday evening week, two residents of Carlisle, Augustus Hamill and John Gilmor, had a difficulty with two soldiers on the public square. The soldiers were worsted and retreated to the Garrison—presently returning with about thirty of their comrades, all armed with carbines, sabres and revolvers. They halted on the railroad in front of the Court-house, where there were probably two hundred persons standing awaiting the announcement of the result of the election. There was some bantering, hooting and jeering. The soldiers then fired a volley into the crowd of citizens, wounding four or five. The indignation of the whole community was at once aroused, and they rallied, with all sorts of fire-arms, for self-defense. The soldiers were driven down Hanover street, several of them wounded. They endeavored to rally on East Louther street, but were again driven off.

About this time a guard was sent into town, by order of the commandant of the Post, under the charge of Capt. Kerns. Under a misapprehension that this was another body of soldiers advancing to the attack, they were fired upon. The orderly sergeant fell to the earth, shot through the head, and a corporal and probably one or two privates were also wounded. After this Captain Kerns withdrew his company to the Garrison, doubtless under the impression that the presence of himself and his men tended in no way to allay the excitement, which at this time was intense.

Shortly after this, Augustus Hamill and another individual, who had gone beyond the Letort Bridge, on Louther street, were met suddenly by two soldiers, who commanded them to halt and lay down their arms. Hamill refused, and was shot down by one of the soldiers, the ball passing through his lungs. He lingered until about ten o'clock, when he expired. His remains were interred in the old grave-yard, on Sunday afternoon, attended by the Cumberland Fire Company, of which he was a member, and a large concourse of citizens. He had been a soldier in the Union army, and served with bravery and distinction. Such are the main facts in this lamentable affair, as we glean them from the *Volunteer's* account of it.

The Impeachment Scheme.—The Washington correspondent of the *Age*, in his letter of Tuesday, says:

The Judiciary Committee have examined no witnesses of importance since Saturday last, when Colonel Halpine, of the New York *Citizen*, was before them, and testified in regard to the conversation which he had with the President on the question of the national finances. An attempt has been made to make it appear that the latter favored repudiation. Such, of course, was not the fact. The contrary was proved, as I understand, by Halpine's testimony, and therefore the charge falls to the ground.

☞A meeting of negroes and whites was held at Columbia, S. C., last week, which was addressed by Gen. Wade Hampton and others. The New York *World* says "great good feeling prevailed, and the negroes have determined to ask Congress to repeal the legal disabilities of their masters and present friends." What will the Radical revolutionists do? Will they grant this prayer of their colored friends, or "break with them" by refusing? The Rump is in a tight place.

☞The telegrams from the South and Southwest continue to give deplorable accounts of the loss of life and property by the recent flood in the Ohio and Mississippi rivers and their tributaries.—Twenty-seven persons were drowned at Helena, Arkansas. At Chattanooga the water was from twelve to twenty feet deep in the city, and the suffering of the inhabitants at that point and at others along the course of the Tennessee river is represented as appalling.

☞Congress has passed a supplement to the Military Subjugation bill. The President will veto it—and Congress will pass it over his head. It is said that both Houses will then take a recess until fall. The sooner the better for the country.

☞The President, *weeks ago*, appointed the following Generals to carry out the Military Subjugation bill in the Southern States: 1st district, Schofield; 2d, Sickles; 3d, Pope; 4th, Ord; 5th, Sheridan.

LETTER FROM BALTIMORE.

Baltimore, March 18, '67.

Editor of Compiler:—Having just finished the reading of this week's *Compiler*, I cannot resist the impulse to sit down and tell you what an amount of satisfaction its weekly perusal affords me.—When I read the "*Commercial*" or the "*Gazette*" of this city, I look over the editorial, if it seems to be spicy—glance at the local items—skip the *undoings* of the Rump, and that's the "end on it." But I reserve the *Compiler* until the day's work is done and I have time to enjoy it all the way through, editorial, (which is always to the point,) local items, advertisements, and all. By the way, it is a mistake to omit the reading of the advertisements, under the impression that they are only interesting to those immediately concerned. I consider them the very best and the most correct record one can get of the transactions of a county or neighborhood. I learn, for instance, that John Smith, "intending to remove to the West," offers for sale his nice little homestead, where he has lived, man and boy, for forty years, and I picture to myself John bidding a good bye to his old, life-long neighbors and friends, breaking up all the associations of his life, and going out among entire strangers, to take the chances of an untried climate for a doubtful experiment, and I pity John Smith and his interesting family almost as much as if they had been drafted. Talking about the draft, I congratulate you on getting that old sore finally healed. I know it was a hard pull, worse than the extraction of a double-headed, three-fanged molar. But, speaking metaphorically, it's out now, and will feel good when it stops hurting. It is however a matter of regret that this *incubus* has so long deterred you from making the long-contemplated enlargement of your paper. Considering, however, that your paper is the only exponent of sound doctrines in the county, there ought *now* to be no difficulty in carrying out this improvement, provided only that your patrons realize its importance to them and to the party whose best interests it has advocated through evil report and vexatious annoyances more than falls to the lot of most persons. When one considers the little—the very little—the mite almost, which is asked by you to enable you to carry out this improvement, it seems difficult to believe that you will be deterred for a single day for the want of the necessary means. It is only for *everybody* to pay what they owe you now or would owe you a year hence—a few more prompt paying subscribers, either Democrats to "the manor born" or else honest Republicans who have had their eyes opened at last to the utter recklessness and devilish malignity of our present rulers, T. Stevens & Company—"only this and nothing more," and, *presto*, the thing is done. The *Compiler* grows in size and usefulness, and its subscribers will for the future have a paper which will do them much good in their day and also to the next generation. So mote it be!

We have no news here which you have not already received. The work of destruction goes bravely on, and the next session of the Rump will probably complete the ruin of the country. A drayman here, an honest freedman, who had supported himself without having a hand in the bureau drawer, says "if dey don't soon stop dis re-distruction, de white people won't have enuff left to feed de freedmen, *and den what?*"

Well, there is a comfort in knowing that the destructionists will suffer with those they have ruined, and like Sampson, will be involved in the fall of the temple they have overthrown.

Yours truly, DE BOOTS.

A SPICY DEBATE.

There was a lively time in the House, at Washington, on Thursday, whilst the million bill for the relief of the destitute in the South was under consideration. The *Age's* correspondent says:

Woodbridge, of Vermont, reopened on Butler, and stated he (B.) had uttered what he *knew* to be *false*, or in other words, that he had lied. Late in the afternoon Butler obtained the floor and charged Bingham with having gone over to the Democrats, and advocating the cause of Jefferson Davis. Bingham replied with great warmth and bitterness, saying that he would submit to no such imputation from a man who had voted fifty-seven times in convention to nominate Davis for the Presidency, and who was moreover responsible for the miserable failure to capture Fort Fisher. This brought forth a hearty round of applause from the floor and the galleries, and it was some minutes before order was even partially restored. Butler rose to reply, but the House was in Committee of the Whole, and all debate had been closed. The only alternative was for the Committee to rise and the Speaker to resume the chair, which was ordered by a majority vote. When the Speaker resumed the chair, Butler asked ten minutes to reply to Bingham. There was a disposition on the part of certain members to object, but Mr. Eldridge, of Wisconsin, said he hoped the House wouldn't attempt to "bottle up" the gentleman from Massachusetts. No objection being made, Butler proceeded to respond to the remarks of Mr. Bingham. After apologizing for having voted for Jefferson Davis, and regretting that he had not been more successful in the late conflict, he said that Bingham's only act during the war (or immediately after its close) was that of putting a woman to death whom he (Butler) verily believed to be innocent. This allusion to the trial and conviction of Mrs. Surratt, called forth a reply from Bingham, and with that personalities ceased. The outside opinion is, that Butler was very roughly handled.

TOWNSHIP AND BOROUGH OFFICERS.

The following is a list of the officers elected in the several boroughs and townships of this county on Friday week. For the preparation of the list we are indebted to Lieut. Eicholtz, the Deputy Clerk of the Courts:

Gettysburg.—Burgess, R. G. McCreary; Town Council, Wm. F. Baker, Alexander Spangler; Judge, Daniel Lashell; Inspectors, Theo. C. Norris, A. W. Fleming; Assessor, D. W. Robinson; Assistants, William R. Eyster, Sam'l Herbst; School Directors, John F. McCreary, J. T. McIlhenny; Constables, Geo. W. Weikert, Michael Crilly.

Berwick Borough.—Burgess, Henry Kobler; Judge, Washington Metzgar; Inspectors, Albert D. Grove, John Mollison; Assessor, Theodore Pfleger; Assistants, Joseph Bahn, Emanuel Haar; School Directors, William S. Gitt, Wm. Hafer; Constable, Henry Mollison; Town Council, George Jordy, James L. Kohler, John Motter, W. W. Hafer, George H. Baker.

Littlestown Borough.—Burgess, Simon S. Bishop; Judge, Martin Steffy; Inspectors, Jonathan Sterner, Rufus Duttera; Assessor, John F. McSherry; Assistants, John Duttera, Daniel Crouse; Town Council, Augustus Crouse, John Coshun, Josiah Mehring, Henry Colehouse, Jacob Hornberger; School Directors, Abraham Bankert, William F. Crouse, Frederick Bittinger; Auditor, John Hinkle; Constable, William Sickle.

Berwick Township.—Justice, Samuel Kinnemund; Judge, John Asper; Inspectors, James Felix, Jerome Small; Assessor, Nathan Miller; Assistants, Henry Miller, Daniel Bucher; Supervisors, Adam Kinnemund, Moses Wollett; School Directors, John Warner, Daniel Bear; Clerk, George Oaster; Auditor, S. A. Wertz; Constable, Samuel Baugher.

Butler.—Judge, F. W. Knouse; Inspectors, A. Koser, S. Lentz; Assessor, W. J. Peters; Assistants, William Bream, Michael Deitrich; Supervisors, John Funt, Jesse Houck; School Directors, George Group, John Minter; Clerk, Jesse Ebert; Auditor, John Stetnour; Treasurer, Henry Hartzel; Constable, Jacob P. Myers.

Cumberland.—Judge, [illegible]; Inspectors, Jacob [illegible]; Assessor, [illegible] B. Stover; Assistants, [illegible] Daugherty; Supervisors, Henry Butt, George Patterson; School Directors, Isaac Deardorff, a tie for the other; Clerk, Jacob Eckenrode; Auditor, Levi Spangler; Treasurer, Francis Bream; Constable, John Keefauver.

Conowago.—Judge, John Britcher; Inspectors, Matthias Ginter, Daniel Small; Assessor, John Keagy; Assistants, Samuel Swartz, William Menges; Supervisors, John Roth, George Krug; School Directors, Solomon Swartz 1y, David Forney 3y, Samuel Kuhn 3y; Clerk, Joseph V. Stumbaugh; Auditor, Ambrose Eline; Constable, Jacob Single.

Franklin.—Justice, Jas. Russell; Judge, Peter Ketteman; Inspectors, James E. Ross, John Gallagher; Assessor, Joseph Rebert; Assistants, Moses Raffensperger, John Cole; School Directors, James Irvin, Jonathan Wisler; Supervisors, Jacob B. Hartman, John Lauver; Clerk, Adam Deardorff; Auditor, Jacob Mark; Treasurer, Ephraim Sheely; Constable, Conrad Thomas.

Freedom.—Justice, James A. Currens; Judge, John McCleary; Inspectors, John Patterson, Richard Crouse; Assessor, William C. Scott; Assistants, Abraham Waybright, James A. Linn; Supervisors, James Bigham, Daniel Sheets; School Directors, Samuel S. Moritz, Andrew Reed; Clerk, Francis Cunningham; Auditor, John Cunningham; Constable, John Crouse.

Germany.—Justices, Jacob Klunk, John A. Fisher; Judge, Isaac Degroft; Inspectors, Thomas King, John Wan; Assessor, William Dutters; Assistants, Daniel Sell, William Rider; Supervisors, John G. Wolf, Samuel Humpert; School Directors, Ephraim Menchy, Jacob Wolf, Jacob King; Clerk, Valentine Ulrich; Auditor, John A. Swope; Constable, Edward Staley.

Hamilton.—Justice, Martin Getz; Judge, Daniel Bender; Inspectors, A. K. Stoner, David Baker; Assessor, J. J. Kuhn; Assistants, Jacob Baker, George Louch; Supervisors, John Bupp, John Stormbaugh; School Directors, John Myers, Albert W. Storm; Clerk, A. K. Stoner; Auditor, George Myers; Constable, Emanuel Rinehart.

Hamiltonban.—Judge, Henry M. Landis; Inspectors, Israel W. Frame, Wesley Caufman; Assessor, David R. Musselman; Assistants, Isaac Hafleigh, Jacob Musselman; Supervisors, R. R. Blythe, Frederick Shully; School Directors, Andrew Bigham, James Marshall; Clerk, J. W. Sullivan; Auditor, David C. Shully; Constable, Andrew E. Low.

Highland.—Justices, H. H. Wintrode, J. J. Kerr; Judge, William Wilson; Inspectors, Christian Byers, Francis H. Eckenrode; Assessor, Hugh A. McGaughy; Assistants, John W. Weigle, J. G. Weikert; Supervisors, William Paxton, Granville Stultz; School Directors, G. W. Scott, Hugh A. McGaughy, David W. Weigle; Clerk, J. J. Kerr; Auditor, John W. Weigle; Constable, Henry Y. Little.

Huntington.—Justice, J. A. R. McBride; Judge, A. H. Miller; Inspectors, H. W. Becker, J. C. Schriver; Assessor, Jeremiah Shelly; Assistants, J. R. Group, Benjamin Shelly; Supervisors, J. E. Plank, Jesse Cline; School Directors, G. W. Wierman, Jonathan Miller; Clerk, John Stitzel; Auditors, David Carl 3y, Jacob Leer 1y; Treasurer, J. J. Medcalfe; Constable, H. A. Wolf.

Latimore.—Judge, John S. Chronister; Inspectors, Eli H. Troup, James Wilson; Assessor, Charles Prosser; Assistants, William F. Bonner, David H. OFFERING AN ILLEGAL VOTE.—The Harrisburg *Patriot & Union* says:

Governor Geary attempted to vote at the Fourth ward polls to-day, but was refused. He retired in extreme disgust. Having been a resident of the city but two months, and not having been assessed or paid a tax, his offer to vote certainly was a queer display of "cheek."

☞The Democracy of Cumberland county have recomended the Hon. James H. Graham for the Supreme Judgeship of Pennsylvania.

☞Howard, of the Bureau, says that 56,856 people at the South will require food before the next crop is reached. Of this number 32,622 are whites.

TOWN AND COUNTY REPAIRS.

☞Subscribers "moving" this spring are requested to inform us immediately, of their new Post Offices—always giving the name of the old office also.

ENLARGEMENT.—We have about concluded to ENLARGE the COMPILER—(but not its price.) There is only one obstacle in the way—the heavy cost of a new Power Press. This *must* be had, or the enlargement cannot be effected. But there is a mode of reaching it, and that not a difficult one.

We have outstanding a considerable amount of money. With that in our pocket, the new Press could be bought—(it can be had only for *the cash*)—and the COMPILER would soon appear as one of the largest country papers in the State.

Come up, then, friends in arrears, to the work! Do so promptly—NOW—without a moment's unnecessary delay.—Send in all you owe, with a little in advance, and as many new subscribers, with $2 for each, as possible. Just place the requisite amount in our hands, and beside having credit on our books, it shall all be spent for your benefit—in getting up a first class paper, in size as well as quality. Give us "A LIFT," fellow Democrats, and we shall certainly succeed. But it must be done *at once*, and by *all* in arrears.

LECTURE.—Hon. Schuyler Colfax is announced to deliver his celebrated lecture, "Across the Continent," in Christ Church, in this place, on Friday evening next—at the invitation of the Philomathean Society of Pennsylvania College. It will draw a full house.

Tickets can be had at Fahnestock Brothers, A. D. Buehler's, R. Horner's, and at the door.

ROBBERY AND ARREST.—On Monday morning last, Mr. John Smith, of Maryland, whilst stopping at the Battle-field Hotel, in this place, was robbed of about eleven dollars in money and some articles of jewelry. Suspicion attaching to Walter Cassatt, he was arrested by officer Rouzer, and taken before Justice Myers. A hearing resulted in Cassatt's committal to jail, to await trial.

THE WEATHER AND THE "GROUND HOG."—The "ground hog" weather sign is played out. Some one suggests getting a new breed of the animal. If something is not soon done, Spring may give us the slip entirely.

Was there ever before a longer spell of unpleasant weather? The memory of the writer reaches not back to a parallel.

THE ROADS.—Generally about this season of the year, we remind the township supervisors of the importance of an early commencement on road repairs. We forego it for the present. The roads are *now* a subject beyond all counsel or advice.

MOVING.—"Flitting" time is here, and already a number of "removals" have taken place. Never a pleasant job, it is, with the present bad weather and worse roads, especially, uninviting now. A happy time to those who *must* undergo the infliction.

TOMATO SEED.—The Messrs. Maupay, Rising Sun, Philadelphia, Pa., have succeeded, by crossing, in producing a very superior Tomato—in flavor, productiveness, and perfection of shape, without a rival. It is supplied to the trade at $18 per gross, in papers retailing at 25 cents.

NEW BROOM.—We call attention to an advertisement, in another column, of *Kellogg's Excelsior Broom*, one of the very best articles of the kind that has fallen under our notice. The agent for this county, Mr. L. F. Dean, has placed one in our office, and upon inspection and trial, we find it to possess all the good qualities he claims for it. The broom is very simple, easily and cheaply made, and does its work as well as could possibly be desired. With the "right" to make it, every farmer could become his own broom-maker—and such "right," or rights, the agent is prepared to sell.

A POOR JOKE.—At the borough election, on Friday week, several Radicals induced a negro to go to the poll and offer a Democratic ticket. If worthy of being called a joke at all, it was a very shallow one. Where negroes *do* vote, Radicals are far from placing Democratic tickets in their hands. No time for such "ornamental" doings then.

☞McConaughy has had a bill passed in the Senate empowering a number of commissioners, named, to build an Adams county soldiers' monument. When, some time ago, the people, in county meeting assembled, very appropriately gave the project into the hands of the soldiers of the county, McConaughy was left out in the cold. He therefore makes a new board, and *puts himself* in as one of the number. *If* he wants the project to succeed, we advise him to take his name out. It is calculated to damage—may kill—the movement entirely. The pockets of the people are to be appealed to—a fact of weighty moment in this connection.

IMPROVEMENT.—The Lutheran Congregation worshipping in St. James Church are having it thoroughly repaired. The pews are being re-newed and re-arranged, and the house is to undergo a thorough re-painting.

BLANK DEEDS.—We have just printed a new lot of blank Deeds—single, double and blank acknowledgments—with clear and appropriate type, on the very best of York paper. They are superior to any lot ever printed in Gettysburg. All other blanks—Mortgages, Bonds, Notes, Amicable Actions, Summonses, Executions, &c., &c.—are also to be had at the COMPILER office.

PROPERTY SALES.—Jacob Kitzmiller, Esq., (Prothonotary,) has purchased a house and lot from John Houck, at the South end of Baltimore street, in this place, for $650 cash.

Michael Harnish, of this county, has purchased a house and lot, situated in Frederick street, Hanover, the property of Charles Stine, deceased, for the sum of $1,900.

Three acres of land belonging to the estate of Phillip Kohler, deceased, situate on the McSherrystown road, near Hanover, was recently sold at $126 per acre.

☞A marksman in Harrisburg, Pa., has manufactured a sausage sixty-nine feet three inches in length.

KEEP IT BEFORE THE PEOPLE.—It might be considered a waste of ink and paper to be printing what is generally known by our readers, but there are some facts that should be kept before the people, and one is that Mr. F. B. Picking is daily adding to his stock of Clothing, and continues to sell goods in his line at prices unprecedently low. * *

NEW STORE.—Messrs. Row & Woods have opened a Dry Goods Store, in connection with the Shoe and Hat business, at the old stand on the corner of York street and the Square. They have thoroughly renovated their room, with a view to the comfort of their customers as well as themselves. Their new goods are arriving, and are attracting much attention. The display is fine and the exhibition free. —It

☞That Hacking Cough must be a source of great trouble, and will certainly produce fatal results if not attended to. Just enough of Coe's Cough Balsam to wet the throat, taken once an hour, will cure it in a very short time and only cost 25 or 40 cents.

RAILROAD ACCIDENT.—On Monday week, as the Express train on the Northern Central railroad reached a crossing near Glen Rock, a man, whose name we have not ascertained, was in the act of driving a two-horse wagon across the railroad. The two horses were killed, the wagon broken to pieces, but strange to say, the person escaped without receiving any serious injury.

MORE SNOW.—Probably the biggest snow of the winter fell on Friday last. Bully for March!

☞Gov. Geary has signed the bill compelling railroad companies to carry negroes in all their cars. So we go—Radical leaders piling outrage upon outrage. Surely, popular sentiment must soon overwhelm them.

☞It is said that Gen. R. E. Lee will advise an immediate convention by the people of Virginia, to accept the terms offered by Congress, hard as they are.

☞Governor Geary has been indulging in the luxury of a veto. He has refused his signature to a bill granting more extended privileges to the Penna. Railroad Company. For this act one-half of his party are praising him while the balance are cursing him. The Senate haved passed the vetoed bill over the head of the Governor by a vote of two-thirds.

☞The National Democratic Committee met recently at New York, and resolved that it was inexpedient to call a National Convention previous to the regular nominating Convention of next year, but determined on a thorough organization of the Democratic party in all the States of the Union.

☞Eliza Hammond, of Hoboken, N. J., was annoyed last Monday by a little girl only five years old playing on her door-step, so taking out a loaded gun she shot the girl dead.

Married.

On Tuesday evening, the 19th inst., at the house of the bride's father, by Rev. Mr. Bushman, Dr. I. ELMER COOK to Miss SALLIE A. KOSER, daughter of Mr. Henry G. Koser, of Butler township.

☞Our thanks are due the happy couple for their kind remembrance of the printer in the hour of their supreme joy. They have not only our acknowledgments, but congratulations. Long life, prosperity and happiness to the Doctor and his fair bride.

On the 9th inst., at the residence of J. D. Rex, Crawford county, Ohio, by the Rev. D. Summers, Mr. JACOB LEWIS, of Richland county, Ohio, to Miss AMANDA C. KNOUSE, formerly of Gettysburg, Pa.

☞In luck again! A wedding cake sent us all the way from Ohio! The happy pair will please accept our thanks, as well as best wishes for their happiness and prosperity. May their journey onward be without a cloud to mar their joys.

On the 14th inst., at the house of Mr. Joseph Wolff, by Rev. D. W. Wolff, Mr. JNO. W. ROSENBERGER, of Mountpleasant township, to Miss LANAH C. WOLFF, of Butler township.

On the 19th inst., at the residence of Mr. Adam Bream, by Rev. D. M. Blackwelder, Mr. DANIEL L. PLANK to Miss HANNAH L. MILLER, both of Huntington township.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, &c.

Syphilis or Venerial Disease is expelled from the system by the prolonged use of this Sarsaparilla, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this Extract of Sarsaparilla.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn from Disordered Stomach, Pain, or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by A. D. BUEHLER, Gettysburg, Pa.

Children's Lives Saved for 50 Cents.

Thousands of Children die annually of Croup. Now, mothers, if you would spend 50 cents, and always have a bottle of Dr. Tobias' Venetian Liniment in the house, you need never fear losing your little one when attacked with this complaint. It is now 19 years since I have put up my Liniment, and never heard of a child dying of Croup when my Liniment was used; but hundreds of cases of cures have been reported to me, and many state if it was $10 per bottle they would not be without it. Besides which, it is a certain cure for Cuts, Burns, Headache, Toothache, Sore Throats, Swellings, Mumps, Colic, Diarrhœa, Dysentery, Spasms, Old sores, and pains in the back and chest. No one once tries it who is ever without it. It is warranted perfectly safe to take internally. Full Directions with every bottle. Sold by the Druggists. Depot, 56 Courtlandt Street, New York. One Cent Saved
IS WORTH TWO EARNED.

MONEY-SAVING people, do not pay out hundreds of dollars for BROOMS, when you can make enough in one evening to last you a year, which will suit you better than the best you can buy at any place.

This you can do, I will warrant it, if you will buy O. W. KELLOGG'S PATENT, which will cost you but a trifle, and will last you your life time. Then no further expense for Brooms. It is not made of material which is liable to break; nor does it fasten with screws. It is in no way liable to catch or tear a person's clothes, or mar furniture.

It is neither too heavy, nor too light. It is less complicated, less labor to make, and costs less than any other, and it sweeps more gracefully.

All who have used it will recommend it as highly as myself. Samples can be seen at any of the Printing Offices in Gettysburg, or at the Keystone House; and at John A. Snowden's, in New Chester, who has purchased territory, and is prepared to sell family or township rights to the citizens of Straban, Tyrone and Huntington townships.

Family, township or county rights can be secured by calling on the undersigned, at I. B. Houser's Hotel, in New Oxford, or if you wait, you can purchase for your families as the agent comes round.

When planting time comes, just plant a little Broom Corn Seed and be prepared to make your own Brooms, for the agent will teach you in a few minutes, so that you can make as good a broom as any one.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY
FOR IRREGULARITIES!

I have tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, were they not in their nature private. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Menstruation, Lucorrhea, or the train of diseases that follow, I would say, try a bottle of DR. LYON'S FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. CLARK & CO., New Haven, Conn., General Agents for the United States and Canada.

Drainage Pipes.

THE undersigned has now on hand, and continues to manufacture, large quantities of EARTHEN DRAINAGE PIPES, which he offers at 8 cents per foot at the manufactory. If desired, he will lay the pipes, either water-tight or loose-jointed, at a reasonable compensation. They have been tried in different parts of the county, with entire success. For the drainage of cellars, &c., nothing better can be used. Specimens may be seen at Kalbfleisch's store, in Gettysburg.

The manufactory is in Oxford township, near Lilly's mill. Post Office address, New Oxford, Adams county, Pa.

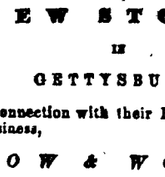
Peruvian Guano Substitute!

BAUGH'S
RAW BONE
SUPER-PHOSPHATE OF LIME.



BAUGH & SONS,
Sole Proprietors and Manufacturers,
Delaware River Chemical Works,
PHILADELPHIA, U. S. A.

For WHEAT, RYE, BARLEY, CORN, OATS, POTATOES, TOBACCO, BUCKWHEAT, SORGHUM, TURNIPS, HOPS, GARDEN VEGETABLES, and every Crop and Plant.

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 13 years of regular use upon all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil, those essentials which have been drained from it by constant cropping and light manuring.

IT is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than *bought* Stable Manure, or Peruvian Guano. The Labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

☞ Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established, the Phosphate may be procured directly from the undersigned. A Priced Circular will be sent to all who apply.

Our NEW PAMPHLET, "*How to Maintain the Fertility of American Farms*,"—90 pages, giving full information in regard to the use of manure, &c., will be furnished gratis on application.

Brinkerhoff's

CORN SHELLER, SEPARATOR AND CLEANER.

The undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition.

The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, 'We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw.*" The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society; B P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edwards Todd, Agricultural Editor N. Y. Times.

From among many complimentary newspaper notices, the following, from the New York *Observer*, is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufactures more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleanses, rapidly and easily, at one operation, as fast as the ears can be put into the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.

The National
REAPERS AND MOWERS.

Hoffheins' Patents.

The No. 1 Machine has two Driving Wheels, Hinge Joint and Folding Bar, making it very convenient to move from one place to another; is very simple in its construction, extremely light draft and durable, cuts 4 feet 10 inches in grass and 5 feet 2 inches in grain; is a Self-Raker and Side Delivery, and is capable of cutting a whole field without binding a sheaf, and does the most satisfactory work

This Machine can also be used as a Hand Machine without injuring its qualities as a Reaper. The Machine is warranted to cut Grass as well as any Single Mower that cuts the same width. It is a strong two-horse Machine—three or four can be used, if required, in hilly ground.

GREAT IMPROVEMENTS have been made for the coming season.

The Machine is also perfectly balanced, no weight on the horses' necks in Mowing or Reaping.

No. 2 is a light two-horse Machine, and is differently constructed, cutting on the right-hand side; and in front of Driving Wheels is a Self-Raker and Side Delivery. The difference in the width of cut is 6 inches.

The shifting lever and the raising and lowering levers are both at the driver's right side, and with his right foot upon a pedal and his left upon a foot-step he has the power and control of the whole machine, he can raise or lower the platform from three to fourteen inches, can throw the machine out of gear, and regulate the rake so as to make the sheaves large or small, and all this at the same time and without retarding the motion or speed of the machine.

All Machines warranted to give satisfaction! For further information apply to

SHIREMAN'S

NATIONAL SELF-DISCHARGING STEEL SPRING TOOTH

Horse Rake!

Patented September 9th, 1862, and Re-issued December 6th, 1864.

This Rake is an Independent Steel Spring Tooth Rake, and has proven itself to be the most perfect HORSE RAKE now in use. With this Rake the Horse does all the work, both the Raking and Discharging, by the driver moving a lever a few inches, which throws it in gear, and as the horse moves forward it raises the teeth and discharges its load, and then shifts out of gear itself, the teeth dropping down ready to rake again. By this operation it is easily understood that the *Raker has hardly any work to do at all!*

Important improvements have been made of late, making it very simple and durable in its construction. Thousands of them have been sold in the few last years, and given the best kind of satisfaction.

At the Old Business.

LEWIS KUMMERANT has re-commenced the TAILORING business, in Chambersburg street, between Washington and West streets, Gettysburg, and asks a share of the custom of the public. His long experience in the business enables him to guarantee good fits and good work, whilst the latest fashions will be consulted in cutting whenever desired. No effort will be spared to render satisfaction, and he feels sure that all who patronize him will be satisfied. His prices for work are as low as they can possibly be to afford him an economical living, and no one could in reason ask them to be any less. He asks his old friends to give him a call, as well as the public generally.

THE BEST IN THE MARKET.

THE VICTOR SORGO MILL.

Over FIVE thousand of these Mills have been made and sold in the last three years. The best recommendations can be given.

Also—COOK'S EVAPORATOR, for making Sugar and Molasses, said to be the best in use.

CORN CRUSHERS.

Three different sizes for grinding Corn in the ear, or shelled—or any other kind of grain. This is a machine that every farmer should have, as a bushel of ground feed is equal to a bushel and a half unground. The high price of feed of all kinds makes an imperative demand for some kind of machinery by which to save. It is a rapid grinder and durable.

BELLS FOR CHURCHES,

SCHOOLS, FARM HOUSES, FOUNDRIES, &c. Made of the best steel composition. Church Bells insured for one year.

WILLOUGHBY'S GUM SPRING DRILL,

WITH CROWELL'S GUANO ATTACHMENT. This is considered one of the best Drills now in use. It will distribute any kind of grain evenly, and sow from one bushel up to three to the acre. The Guano Attachment has given entire satisfaction wherever used. It is so constructed as not to clog in sowing any kind of Phosphates or Bone Meal. Having sold a number of these machines last season, I can fully recommend them to be what they are represented. Persons wishing to buy should make application early as the supply is small and the demand great.

F. F. SMITH'S CAST STEEL PLOUGHS.

First, It is the only Plough yet produced that will invariably scour in any soil.

Second, It is now an established fact that It will last from three to six times longer than any other steel plough in use.

Third, It draws lighter than any other Plough, cutting the same width and depth of furrow.

The different parts of the Plough are cast in moulds, into the exact shape desired for the mould-boards, shares and land-sides, giving the parts most exposed to wear any desired thickness. The shares can be sharpened by any blacksmith. The steel is perfectly malleable and works kindly. Edge tools have been made out of pieces of the plough by blacksmiths all over the country.

DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

FOR SALE in all Stores where FIRST CLASS skirts are sold throughout the United States and elsewhere.

Sewing Machines.

THE GROVER & BAKER.—THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.
The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

THE PERUVIAN SYRUP

IS A PROTOXIDE SOLUTION OF THE
Protoxide of Iron,
a new discovery in medicine which
STRIKES AT THE ROOT OF DISEASE,
by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.
This is the secret of the wonderful success of this remedy in curing
DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS, Nervous Affections, Gaills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints, and all diseases originating in A BAD STATE OF THE BLOOD, or accompanied by DEBILITY, or A LOW STATE OF THE SYSTEM.
Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.
DUNHAM, Canada East, March 24, 1865.
* * * "I am an invecerate Dyspeptic of more than 25 years' standing."
* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."
One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:
"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."
An EMINENT DIVINE of Boston, says:
"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."
☞THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.
A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.
☞See that each bottle has PERUVIAN SYRUP blown in the glass.

WISTAR'S BALSAM

OF
WILD CHERRY
HAS BEEN USED FOR NEARLY
HALF A CENTURY,
WITH THE MOST ASTONISHING SUCCESS IN CURING
Coughs, Colds, Hoarseness, Sore Throat, Influenza, Whooping Cough, Croup, Liver Complaint, Bronchitis, Difficulty of Breathing, Asthma, and every affection of
THE THROAT, LUNGS, AND CHEST.
CONSUMPTION,
which carries off more victims than any other disease, and which baffles the skill of the physicians to a greater extent than any other malady, often
YIELDS TO THIS REMEDY
when all others prove ineffectual.
AS A MEDICINE,
rapid in relief, soothing in effect, safe in its operation,
☞IT IS UNSURPASSED!☜
while as a preparation, free from noxious ingredients, poisons or minerals; uniting skill, science and medical knowledge; combining all that is valuable in the vegetable kingdom for this class of disease, it is
INCOMPARABLE!
and is entitled to, merits and receives the general confidence of the public.
SEYMOUR THATCHER, M. D.,
of Herman, N. Y., writes as follows:
"WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a Cough by loosening and cleansing the lungs, and allaying irritation, thus REMOVING THE CAUSE, instead of drying up the cough and leaving the cause behind. I consider the Balsam as good as any, if not the best, Cough medicine with which I am acquainted."
The Rev. JACOB SECHLER, of Hanover, Pa., well known and much respected among the German population of this country, makes the following statement for the benefit of the afflicted:
Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—WISTAR'S BALSAM OF WILD CHERRY—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it.

Jules Jared's "EMAIL DE PARIS."

THE NEW
Beautifier of the Skin,
TESTIMONIALS FROM CELEBRATED LADIES.
This secret of beautifying the skin being known only to Messrs. Jared & Rene, they honorably state that it differs from all other preparations. It gives to the most harsh and freckled skin both the texture and color of polished ivory, removing all discolorations, whether appearing as freckles, tan, morphew, moth or black worm specks, and is especially successful in smoothing out the marks left by the smallpox.
The agents of "L'Email de Paris" most confidently submit to the public the earnest endorsements of such distinguished ladies as Signora RISTORI,
Mdlle FELICITA VESTVALI,
Miss MAGGIE MITCHELL,
Mrs. D. P. BOWERS,
LUCILLE WESTERN,
Madame PONISI,
Mrs. EMMA WALLER,
LUCY RUSHTON,
NOEMIE DE MARGUERITTES,
Miss A. PERRY,
and many others, whose high standing in the profession gives the stamp of truthfulness to their intelligent and genuine approval.
The beautiful Lucille Western says:
"I find that the 'Email' produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin."
The magnificent Vestvali says:
"I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth."
Miss Maggie Mitchell says:
"I have tried the skin beautifier, 'L'Email de Paris,' and found that it instantly imparts a natural bloom and freshness to the complexion."
"Jared's Email de Paris" is used as a delicate beautifier of the skin for Theatre, Saloon or Ball Room, by the most refined and scrupulous ladies, producing all the beautifying effects of *rouge* and *lily-white*, without their vulgar glare or injury to the skin.

A (Bitter) Acrostic.

RESPECTFULLY Dedicated to the Proprietor of the Great Zingari, by a late Dyspeptic.
Far away from the pyramids of Egypt he came,
Restoring the sick, and healing the lame;
A cure for the cholera, that dreadful disease;
Heaven sent him on earth ing dyspeptic to ease.
There are those who were troubled with fever and chills,
E'en they took but one bottle and were cured of their ills.
Resolved that in future, if ever they shake,
Such pleasant, nice Bitters—no other they take;
Get a bottle if troubled with nervous debility;
Rahter says it will cure: just try its ability;
Essence of life, then, to young and to old;
A certain preventive from coughs and colds.
Try it all, who are troubled with a weak appetite.
Zest is given by these Bitters), it only used right:
In scrotula, colic, or a bad diarrhœa,
None who've tried it, ever have any more fear.
Great tidings is this, then, for rich and for poor;
A bottle can be had for a dollar (and more—
Rahter gives it to those unable to pay).
In no case of sickness will he turn them away.
F. RAHTER'S GREAT ZINGARI.

WHAT THE ZINGARI BITTERS HAVE DONE.—We publish the following for the benefit of the afflicted everywhere:
"I suffered for a long time of Dyspepsia, Heart Disease, and frequent attacks of Liver Complaint. Often the sufferings were so great that life was almost intolerable. I tried several eminent physicians, and most of the popular remedies recommended for such complaints, but found little relief until a few weeks ago I commenced the use of F. Rahter's Great Zingari Bitters, and am now perfectly cured." HENRY HULL.
Harrisburg City, Pa., Sept. 8, 1866.
Personally appeared the above named Henry Hull, and made oath in due form that the facts are true as above stated.

MUSICAL INSTRUMENTS,
respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:
Albright, Reiker & Schmidt,
Chickering & Son, Bradbury,
Knabe & Son, Gale & Son,
ESTEY'S CELEBRATED
COTTAGE, HARMONIC AND BOUDOIR

ORGANS AND MELODEONS.
These Instruments stand unrivalled by any thing found in this Country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.
PATENT VOX HUMANA TREMOLO.
This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a lifetime of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.
THE HARMONIC ORGAN
for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.
All instruments warranted for five years.
☞BRASS BANDS supplied with instruments and music at reasonable terms.
A liberal discount allowed for Churches and Sabbath Schools.
☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.

Teas! Teas!

TEAS FOR THE PEOPLE. No More Enormous Profits for Consumers to pay. Fifty Cents to One Dollar per Pound Saved by buying your Teas direct from the Importers.
T. Y. Kelley & Co., Importers of Teas, in connection with their large wholesale business, have determined to introduce their Teas directly to consumers at importers' prices, thus effecting a saving to the consumer of 40 to 60 per cent. Families can now club together for any kind or qualities of Teas, in packages of one pound and upwards, and we will send them a superior article of Tea at 5 per cent. above the cost of importation. Let some energetic lady or other person in each neighborhood call upon her acquaintances and take their orders for any of the following named Teas, and when a club of ten, twenty, or more is obtained, send to us and we will send the Teas put up in separate packages, with the name of each person marked on it, all enclosed in one box. As a *further inducement* to the person getting up the club we will send for his or her services, an extra complimentary package on all orders of $30 and upward. It is perhaps not well understood *why* we can sell Teas so very low; but when it is *taken into consideration that besides the original* cost of importation, the Broker, Speculator, Jobber, Wholesale Dealer and Retailer, has each to reap a large profit, and the innumerable Cartages, Cooperages, Insurances, Storages, &c., which Teas have to pass through before they reach the consumer, will readily explain this. We propose to do away with seven-eighths of these profits and expenses, and it now remains with the *people* to say whether they shall save 50 cents to $1 00 per pound on every pound of Tea they purchase, or be compelled to give their earnings to a host of useless go-betweens.
PRICE LIST.
OOLONG, (Black) 70, 80, 90, $1 00, $1 10, best $1 25 per pound.
ENGLISH BREAKFAST, (Black) 80, 90, $1 00, best $1 25 per pound.
YOUNG HYSON, (Green) 85, 95, $1 00, extra $1 25, superior $1 50 per pound.
MIXED, (Green and Black) 70, 80, 90, best $1 00 per pound.
IMPERIAL, (Green) $1 30, best, per pound.
JAPAN, $1 00, $1 10, $1 25, best, per pound.
GUNPOWDER, (Green) $1 30, best $1 60 per pound.
COFFEE DEPARTMENT.
We have lately added a Coffee Department to our establishment, and although we cannot promise the consumer as great a saving as we can on Teas, (the margin for profit on Coffees being very small,) yet we can sell Coffees fully 25 per cent. cheaper than retailers charge. Our Coffees come direct from the Custom House, and we roast and grind them perfectly pure, put up in 1 or more pound packages, at an advance of 2 cents per pound.
Our Wholesale Price—Ground Coffees—Pure Rio, 25, 30 cents per pound. Best Old Government Java, 40 cents. Best Ceylon, 40 cents.
SENDING MONEY.—Parties sending orders for less than $30 for Teas or Coffees should send with their order a P. O. Draft or the money, to save the expense of collecting by Express. But large orders we will forward by Express and collect on delivery.
We shall be happy at all times to receive a call at our warehouse from persons visiting the city, whether dealers or not.

The room he now occupies has been recently fitted up expressly for his business. The location is an admirable one, enabling him to take pictures in all shades of weather, and with a correctness unequalled any where else.
LIFE-LIKE PHOTOGRAPHS,
of every size and description, executed in the finest style. Particular attention given to the CARTE DE VISITE, and to copying AMBROTYPES and DAGUERREOTYPES of deceased friends. Also—
THE GETTYSBURG GEM,
a new style of picture, which has become very popular with the public, not only for their beauty, but for cheapness and convenience.—SIXTEEN for ONE DOLLAR only. Also—THE PORCELAIN PICTURES, which for their beauty and durability are unsurpassed.
We are prepared to carry on the business in all its various branches, and having had considerable experience we run no risk in
GUARANTEEING PERFECT SATISFACTION.
Our facilities for a full display of our skill are unequalled by any other Gallery in the County, and we would therefore invite every one to call at the
NEW GETTYSBURG SKYLIGHT GALLERY.
Call and examine our Specimens and judge for yourselves. LEVI MUMPER.

NEW FIRM,

AT THE OLD STAND.
[ESTABLISHED IN 1817.]
I have associated with me, in business, my son, John F. McCreary, under the firm and style of D. McCreary & Son, and I desire to say to my old friends and the public generally that since the war, the manufacture of Saddles, Harness, Collars, &c., has been revived at the old established and well known stand on Baltimore street, one square south of the Court House, Gettysburg, Pa.
Having had an experience of 40 years in this establishment, I feel assured, that, with renewed attention to business, we can still further merit and receive a full share of public patronage. DAVID McCREARY.

With increased facilities for conducting our business, we are better prepared than ever to satisfy the wants of all those who may need anything in our line. We especially call the attention of Farmers and others to the superior quality of our
